OTC Report of Potential Impact of *McGirt v. Oklahoma*

October 5, 2020

On September 30, 2020, the Oklahoma Tax Commission ("OTC") issued a Report of Potential Impact of *McGirt v. Oklahoma*, 519 U.S.__(2020) to the Oklahoma Commission on Cooperative Sovereignty, to discuss the significant immediate and fiscal impact resulting from the expanded boundaries of the Muscogee (Creek) Nation under *McGirt* to the OTC. The OTC anticipates the primary fiscal impact of *McGirt* will be reflected in reduced collections of individual income tax sales/use tax, due to the increased numbers of Creek Nation tribal members eligible to earn exempt income and make purchases exempt from sales/use tax.
